

## 100-Word Writing Competition

During Christmas, Daddy drove us to Zhuhai and it was very fun. There were so many games to play, such as go karting, trampoline park, theme park and so much more. We also went to different hotels where the rooms are very cool and it has a large cinematic projector playing my favorite movies. The food in Zhuhai is also very very delicious. I like eating Guangdong tea, hotpot, roast chicken, chocolate pudding. Lastly, I like to go site seeing in different provinces, learning the history of China and go to high speed rail and classic cars museums.
