

*Long ago, at Blueberry Academy there were four friends—Blueberry, Cranberry, Raspberry, and Ranberry—. One lunchtime, while playing hide-and-seek, they discovered a dark hole. Curiously, they returned to investigate after art class, where they had drawn big blueberries. Suddenly, they found themselves in a cave! Following a beam of light, they saw two doors. A note warned of a forbidden forest. Choosing wisely, they ran straight through, avoiding a tiger by shoving leaves at the entrance. After escaping, they reported to the police. To celebrate, they enjoyed ice cream on Berry Island and lived happily ever after.*
