

The Cat and the Rat

**A cat and a rat were sitting on the street,
The rat offered, "Wanna get some treats?"
The cat agreed and followed him into the ocean,
"You like fish?", the rat asked with a grin,
The cat wanted fish but had a triple chin,
So, he was moving slowly when the rat came,
He pushed the cat in the water and the cat became insane,
"You trickster!" the cat growled,
The rat smirked and howled,
Falling on his belly wildly,
Then the cat pounced and ate the rat smilingly,
And lived by the rivers for the rest of his days.**
