

We Have eBooks

Our digital collection is **FREE** for students and teachers.

Did you know eBooks can be used in the classroom and displayed on interactive white boards or projectors?

Students can also read independently on their own devices in a browser or through the OverDrive app at school, home, or on the go. eBooks can't be lost, damaged or rack up late fees. Digital titles will automatically return at the end of the lending period. Get started today!

On our digital collection website, click **Help** to access free Educator Resources

- Print-ready instruction guides for users
- Marketing materials to get the word out
- Latest news, tips, and success stories from the OverDrive blog
- How-to help videos
- Marketplace (OverDrive's administrative portal)
- On-demand training webinars for teachers to learn more about eBooks
